

PROPELLER CLUB

PORT OF TAMPA

March 2020

International Propeller Club Newsletter

Dear Propeller Club Port Leaders,

I hope that all of you, your members and families are staying safe during these uncertain times. Here at headquarters we are working on ways in which we can help provide support you. Below is the link to our March newsletter. We have just sent this out to all of the members in our database, however we know that we do not have all of the members, therefore we are asking that you **send the below link to all of your members and if you have not sent us your membership roster, please do so.** Please send in an excel format if possible, with at least names and emails. If you have addresses and phone numbers you can include those as well.

The March IPCUS Newsletter is online. It includes information on:

- The IPCUS Strategic Plan
- Dredging 101 – understand the basics of U.S. policy
- Strategic Partnerships with maritime trade associations
- News from along the Potomac – including Congressional hearings and agency announcements
- Activities (and cancellations) from our local ports

The newsletter can be read at this link: [IPCUS March 2020 Newsletter](#)

At this period of time it is very important that you keep in touch with your members. Please reach out to them. If you can have the leaders divide up the list and place calls, all the better. We are all getting so many emails, that another email may get lost in the shuffle.

If there is anything you would like help with for your Port, please feel free to reach out to me. Stay safe and stay healthy.

Kind regards,

Cheryl

Cheryl Rothbart
Associate Executive Director
International Propeller Club of the U.S.
